

AgroTech MÉXICO

**The exhibition for agribusiness
business**

May 15 - 17 | Expo Guadalajara
2024 Jalisco

ITALIAN
EXHIBITION
GROUP
Providing the future

Deutsche Messe

With the aim of **exploring and facilitating the latest trends in the sector**, **AgroTech México** is the exhibition that brings together professionals, companies and experts in the agricultural industry.

The latest trends in **Machinery and Equipment, Agrotechnology, Agricultural Inputs, Greenhouses and Water Management** are not only changing the face of Mexican agricultural production, but are also accelerating the construction of a more sustainable, efficient and competitive future.

At Agrotech México we will immerse in the heart of this revolution, providing innovative solutions to facilitate integration into global production chains and promote sustainable food production, and for the optimization of production processes throughout the industry.

WHY VISIT?

Expand your business network in the country's most important agricultural region

Visit the most important expo in the agroindustrial sector

Discover the latest trends and innovations in Agroindustry

Generate strategic alliances and expand your business network

Access to the most specialized knowledge about Agroindustry

EXPERIENCE OF OUR EXHIBITORS AND VISITORS

Agtrac
Jorge Bernal
Agtrac Guadalajara

"This Expo with great innovation and enormous growth potential, where we were able to connect with the best technology innovations in Agribusiness".

John Deere
Maximiliano Bonadeo
Marketing Manager John Deere in Hispanoamerica

"It is very important to participate in this fair because when we have a company with the objective of 'Connected systems', we allow us to connect with different participants in the expo. We had a lot of expectation in this event and when we discovered the trend is focused on technology and digitalization, we were able to connect with all of the participants of the agribusiness".

Visitor
Daniel Crespo

"It is very interesting. There is innovation and technology in the Agribusiness field. We were able to make contact with key suppliers that can serve to be able to better develop our market and take a big step towards innovation, because it is the time to venture into new technologies. It was a great experience".

Visitor
Marcela Pérez

"It is an innovative fair, where you can find everything from raw materials to new customer prospects. It is an excellent fair and a great experience".
