

**The B2B exhibition specialized in
Industry 4.0 for agriculture.**

May 15 - 17 | Expo Guadalajara
2024 Jalisco

Deutsche Messe

**ITALIAN
EXHIBITION
GROUP**
Providing the future

In order to explore and facilitate the latest trends and advances in technology applied to the field, AgroTech Mexico is the leading exhibition that brings together professionals, companies, and experts from the agricultural and industrial sectors.

Industry 4.0, with its pillars of automation, digitalization, connectivity, and data analysis, is not only changing the face of agricultural production but also accelerating the construction of a more sustainable, efficient, and productive future. At Agrotech Mexico, we will dive into the heart of this revolution, exploring how technology is shaping the field and the agro-industry.

WHY VISIT?

Expand your business network in the country's most important agricultural region

Visit the most important expo in the agroindustrial sector

Discover the latest trends and innovations in Agroindustry

Generate strategic alliances and expand your business network

Access to the most specialized knowledge about Agroindustry 4.0

EXPERIENCE OF OUR EXHIBITORS AND VISITORS

Agtrac
Jorge Bernal
Agtrac Gómez Pineda

"This Expo with great innovation and enormous growth potential, where we were able to connect with the best technology innovations in Agribusiness".

JOHN DEERE
Maximiliano Bonadeo
Marketing Manager John Deere in Hispanoamerica

"It is very important to participate in this fair because when we have a company with the objective of 'Connected systems', we allow us to connect with different participants in the expo. We had a lot of expectation in this event and when we discovered the trend is focused on technology and digitalization, we were able to connect with all of the participants of the agribusiness".

Daniel Crespo

"It is very interesting. There is innovation and technology in the Agribusiness field. We were able to make contact with key suppliers that can serve to better develop our market and take a big step towards innovation, because it is the time to venture into new technologies. It was a great experience".

Marcela Pérez

"It is an innovative fair, where you can find everything from raw materials to new customer prospects. It is an excellent fair and a great experience".
